

Skates and transport rollers

for time saving and gentle transportation of heavy loads up to 100 t.

Catalogue No. 3, page: 318, 319, 320, 316

Model	Part-No.	Capacity ton	Description
LF-1	N13600006	1	Load moving skates and systems with fixed wheels
LF-2	N13600007	2	Load moving skates and systems with fixed wheels
LF-2,5	N13600008	2,5	Load moving skates and systems with fixed wheels
LF-3	N13600009	3	Load moving skates and systems with fixed wheels
LF-6	N13600010	6	Load moving skates and systems with fixed wheels
LFL-1-2	N13600011	1	Load moving skates & systems w. 2 steerable wheels
LFL-1-4	N13600012	1	Load moving skates & systems w. 4 steerable wheels
LX-6	N13600004	6	Heavy load moving system
LX-12	N13600005	12	Heavy load moving system
LX-6F	N13600001	3	Steerable skate
LX-12F	N13600002	6	Steerable skate
LX-12R	N13600003	6	Rear skate
SX-10	N13600977	10	Load moving system, complete set
SX-20	N13600979	20	Load moving system, complete set
SX-30	N13600981	30	Load moving system, complete set
S-60	N13601094	60	Load moving system, complete set
S-100	N13600985	100	Load moving system, complete set
SX-10 F	N13601072	5	Load moving system, front unit, steerable
SX-20 F	N13601074	10	Load moving system, front unit, steerable
SX-30 F	N13601076	15	Load moving system, front unit, steerable
S-60 F	N13601078	30	Load moving system, front unit, steerable
S-100 F	N13601080	50	Load moving system, front unit, steerable
SX-10 R	N13601083	5	Load moving system, rear unit, two-part
SX-20 R	N13601085	10	Load moving system, rear unit, two-part
SX-30 R	N13601087	15	Load moving system, rear unit, two-part
S-60 R	N13601089	30	Load moving system, rear unit, two-part
S-100 R	N13601091	50	Load moving system, rear unit, two-part
